

Wakonda Drive Neighborhood Project

September 10, 2015

STREET CLOSURE: Starting Monday, September 14 at approximately 8:30 a.m., Wakonda Drive will be CLOSED from Hwy 28 west to Elmcrest Drive. This portion of Wakonda Drive will reopen Friday, September 18 at approximately 5:00 p.m. Crews are working on this section to install the sub drains. We encourage you to use Beardsley during this time for the safety of the construction workers and motorists.

ONE LANE TRAFFIC: A portion of Wakonda Drive, from Oakwood Drive to Golden Valley Drive, has temporarily reopened to one lane traffic. This portion will be open for approximately 3-4 weeks while the utilities (Mediacom, CenturyLink, and MidAmerican Energy) relocate their service lines. (See photo below) This is the area in which an old culvert is being replaced.

The three utility lines, shown to the left in pink, run along the top of the existing culvert. These will need to be relocated in order for the culvert to be replaced.

One lane of traffic is open for traffic on Wakonda Drive, between Oakwood Drive and Golden Valley Drive.

COMMUNICATION: Our goal is to keep everyone up-to-date on the progress of this project. If you have not provided us with your contact information (e-mail address/phone number), please do so. We would like to send these updates by e-mail as much as possible.

Please do not hesitate to contact Dan Nixon or Tim Hoskins with any questions or concerns. We will make every effort to get back to you quickly.
